Dear CFTC and Department Heads,

COMMENT

You are going to go out of business and destroy the US Forex trading industry in the process. Foreign brokers are not going to put up with your Nazi-Communist style control in how foreign brokers deal with currency trading with US citizens in foreign countries brokers. The US government needs tax revenue here in the US, but if you and the CFTC continue your goal of "world domination" of the forex market, you are going to cause a huge flee of money from the US into other countries. This is the most unpatriotic thing that the NFA and the CFTC could ever do.

You must be aware that large and small brokers and traders throughout the world and in the US are ABSOLUTELY PISSED OFF AT YOU!!!! Including myself. From my research, the NFA plans to try and regulate US citizens' ability to trade freely without your restrictions in other countries starting in April 2010. I strongly advise you to stop what you are doing and think about the consequences of trying to "rule the world". The US will lose broker jobs and income, the US government will lose tax revenue, and most of all a lot of people are planning to leave this country, give up citizenship and never come back. This includes my self. When this happens, the NFA/CFTC will go out of business because there will be no currency traders or brokers in the US to control. So much for job security.

Will you not control me, my family, nor my future as I am making plans now to be sure of that. The NFA/CFTC is nothing but a communist bigot idiot. Your ONLY role for the US should ONLY be to have a purpose for what you are doing.....not just to restrict the ability of Americans to make money in Forex. If your concern is to "protect the citizen", then provide Education through brokers so people can learn how to safely earn money in the forex market. But the rate you are going, you will put everyone out of business including the NFA/CFTC, and this is exactly what Obama is trying to prevent. Shame on you CFTC/NFA for being so Anti-American. You belong in communist Russia and Communist China, not the in land of the brave and the free.

Please reconsider your actions and become more constructive, please.....

Sincerely,

Eric Parker

Re: RIN 3038-AC61

Dear Mr. David Stawick,

re: RIN 3038-AC61

You are out of your cotton-picken' mind!!!!!!!!!!!! I want to know the name of the communist who has proposed this legislation to try and pass this communist law of only allowing 10:1 leverage in the currency trading industry. Other countries throughout the world are more communist than we are and they don't have this kind of lunacy in their country ! ! ! GET THIS LUNACY-LEGISLATION OOOOUUUUUUUUUUUUTTTTTTTTTT OF THIS DAMN COUNTRY ! ! ! OTHERWISE I'M MOVING MY MONEY OUT ALONG WITH MY FAMILY ! ! !

I want to know the name of your boss, your bosses boss, your bosses bosses boss, and your bosses bosses bosses boss. I bet I'd be talking to Mr. Rothschild himself. Now do us all a favor and cancel this lunacy-proposal immediately. It is unacceptable and I will not tolerate this communist behavior! Get the message to the House and Congress.

I HOPE YOU UNDERSTAND THIS MESSAGE!!!!

re: RIN 3038-AC61

Dear David Stawick,

You have not replied to my email I sent a couple of days ago about what your plans are to deal with the lunacy-communist-legislation specifically RIN 3038-AC61. If you don't vote this thing down, you will have people with money leaving this country by the droves with me included. I will give up communist citizenship with the US and leave. I would rather make low wages in an island country and trade only \$100 at 100:1 than to live in the communist United States "corporation" and trade \$10,000 at only 10:1. I will do what ever it takes to preserve my rights and freedoms even if I had to leave this country destitute.

Please get this message to the House and Congress.

I will continue to coorespond with you until I get an answer from the CFTC so I know how to make my plans. Good Day to you sir.

Dear Mr. David Stawick,

re: RIN 3038-AC61

I strongly disagree with the above proposed legislation. This would cause a loss of jobs and tax revenue for the US government. People would move their trading out of the US which is not in the best interests of the American people or government.

I and every individual in this country have the right to trade and manage money in the manner they see fit within the law. But the government has no right to control my ability to make profit.

Please help us help you by voting no on this legislation and get this message to Congress.

Thank you for your assistance in this matter.

Sincerely,
